

REMARKS

Applicants respectfully request entry of the above-identified amendments and consideration of these remarks prior to the examination of the above-identified patent application. The added Claim 55 is somewhat broader in scope than the now pending Claim 1. Also, while it is the undersigned's usual practice to present the broadest claim as Claim 1, Applicants desire to bring to the attention of the Examiner that pending independent Claims 53 and 54 are significantly broader in many respects than Claim 1.

In the event of any question, the Examiner is respectfully requested to initiate a telephone conversation with the undersigned.

Dated this 26th day of November, 2002.

Respectfully submitted,

Adrian J. Lee
